*(Intro- Drums 2 measures, Vrs 1, Chorus, Vrs 2, Chorus, Solo, Chorus, Tag 2x)*

(Verse 1)

**G** **G7**  
I'm in a tunnel lookin' for light, I'm on a treadmill with no end in sight

**C** **G**  
Taking the long way 'round, and I have found

**G** **G7**  
My faith is built like bricks in a wall. Ready to jump, but afraid to fall

**C** **G**  
You're my only hope, my only hope  
**D** **C** **G** **(D7)**

I'm clinging to You, I'm counting on You, to see me thru

**G**  
I've found the rainbow in the driving rain

**G/E**  
I've known the healing that follows pain  
**C/A** **C2/D** **G** **(C/D)**

I'm in a moment. This isn't the end

**G**  
I've seen the morning conquer night

**G/E**  
Inside the storm cloud is a stream of light  
**C/A** **C2/D** **G** **(D7)**

You've done it before, please do it again
